

Summer Newsletter 2010

“What’s going on”

It's hard to believe it's July. May and June just flew by. Seems like just yesterday we were moving another truck load of chairs and tenting for University commencements. Check out some interesting statistics that we are pretty proud of. During the month of May we loaded, unloaded, setup and broke down about 80,000 chairs. Our crews worked pretty much around the clock for a two week period during mid-May. We worked through one of the strangest months of May weather. Besides the record cold and hot days, we had 70 MPH wind gusts that knocked chairs down like dominos. But as always we completed the work with flying colors and our clients were very happy.

“What’s Hot in New York City”

Our New York City Crews have been very busy this quarter. The "A" list for successful events includes: Sex and the city II premier parties, HBO's series "Smash his camera", El Museo Gala at Cipriani's, People Magazine in Espanol top fifty party and CBS Survivor Finale party. Other major events included Japan Day in Central Park, The Webby Awards, and the Red Bull Air races at Liberty State Park. Our NYC crews worked many long hours and many times throughout the night to make sure the clients' needs were always met. We are really proud of our very own NYC superstars.

Many of our special NYC events and premiers can be found at [this link](#)

“Looking forward”

If the job is complicated, we are up to the challenge even more. It seems we are getting our fair share of projects that require proper planning, detailed logistics and skilled personnel. The picture on the left is a pool before we covered, floored and carpeted. All this was done on the 12th

floor of a building in Rockefeller center, NYC. The picture below (right) is the finished product. Would you even know there is a pool underneath! Our sales staff is anxious to hear about your next project. We feel confident, that if you can envision it, we can make it happen. Our years of experience is a plus when it comes to tackling special projects.

Choosing the right rental company to do your event is a decision we know is critical to success of your events. Rest assured when choosing Miller's, you are in good hands. Be sure and read all the [testimonials](#) from our happy clients. Miller's is also looking forward to the return of [Karen Schneider](#), our star event specialist, who will be returning from Maternity leave very shortly.

“Crew Corner”

This month in our employee corner, we are featuring Frank Pelaez, who has been with Millers for seven years. Frank is not only the warehouse manager at our Route 1 facility in Edison, but also creates custom carpets for our Special Events Dept., operates our Skytrackers, and is an all around Maintenance McGuyver.

Frank is an Edison resident, originally from Acapulco, Mexico and in his free time, enjoys playing Soccer and having Movie Night with his family. Frank is married to Myra and the proud father of 3 children, 2 girls, Tiffany and Stephanie and his namesake Francisco Jr.

“Social Networking....its fun”

We are having a great time with our Facebook fan Page. Our fans are growing every day. We surpassed 400 fans in May and we are well on our way to 500. We have had several promotions and giveaways and our friends and fans are asking for more. Watch for more cool stuff this summer! We'd like you to have a little fun with our [Facebook fan page](#). Keep checking our page for more details. And if you're not already a fan, we invite you to join! Just click on the link below.

We wish everyone a safe, happy and healthy summer. Let us know if Miller's can be a part of your next celebration or special event. We are very appreciative of your calls, emails and referrals. Again, we want to thank you for your continued patronage and we look forward to working with you soon.
